Most Popular Selections

Over the years, our customers decided that there are some items just too good to do without! These items have become staples for many of our caterings and banquets. We have compiled a list, including pricing information, in order to help you begin to plan a menu for your upcoming event. Please keep in mind that these prices are subject to change and market availability. Although these are not the only items that we offer, these have become the most popular. All meals are served buffet style for catered events; family style and buffet style dining are available for in house banquets, depending on your number of guests.

Your menu selection will include our famous hushpuppies & cheese sauce,
sweet & unsweet tea, condiments and all paper products.

We look forward to helping you make your event enjoyable for both you and your guests!
