Catering, Delivery & Pick Up Menu

Over the years, our customers decided that there are some items just too good to do without! These items have become staples for many of our caterings and banquets. We have compiled a list, including pricing information, in order to help you begin to plan a menu for your upcoming event. Although these items have become the most popular, please ask about our Executive Menu if you are interested in additional options. Your menu selection will include our famous hushpuppies & cheese sauce, sweet & unsweet tea, condiments and all paper products.

We look forward to helping make your event enjoyable for both you and your guests!
